Dear Mr. Porter:

It has come to my attention that since the beginning of the irrigation season the parshall flume at the head of the diversion has not been leveled.

Previous requests by Ray Owens have failed to receive a response. Therefore, you are hereby ORDERED to perform such measures as to level the flume by June 15, 1990.

This ORDER is subject to the provisions of Rule R625-6-17 of the Division of Water Rights and to Sections 63-46b-13 and 73-3-14 of the Utah Code Annotated, 1953, which provide for filing either a Request for Reconsideration with the State Engineer or an appeal with the appropriate District Court. A Request for Reconsideration must be filed with the State Engineer within 20 days of the date of this ORDER. However, a Request for Reconsideration is not a prerequisite to filing a court appeal. A court appeal must be filed within 30 days after the date of this ORDER, or if a Request for Reconsideration has been filed, within 30 days after the date the Request for Reconsideration is denied. A Request for Reconsideration is considered denied when no action is taken 20 days after the Request is filed.

Yours truly,

Kirk Forbush, P.E.  
Assistant Area Engineer
